Anyue Eureka lemon — grade and count

Grades are set on the outside: colour, blemish, shape. Sizes are counted per 15 kg pack, from 48# (300 g a fruit) down to 198# (under 62 g). The count you buy is the count in the carton.

GRADES

Grade	What passes	Where it goes
Class I	Sound and uniform in colour; blemishes ≤ 1 mm, no more than two spots; no decay, no misshapen fruit	Retail and food service
Class II	Slight marks ≤ 1.5 mm, up to four spots on one face; sound fruit	Wholesale and processing
Class III	More surface marks, still no decay	Wholesale, juice
Processing	Misshapen or blemished, no rot	Juice, peel oil, pectin
